## Definition (inner page)

### Definition of a Sport Club

A Sport Club is a group of students organized and established to promote and develop the interests and skills of members in sport related activities. The Sport Club Program is student initiated, and emphasis is placed on student leadership development, and competitiveness. Sport Clubs are administered by the Sport Club Program in Recreational Sports, but are also considered student organizations and must register as a Student Organization within the Student Engagement and Leadership office located in the Martin Hall 223.

### Sport Club Program Eligibility Guidelines

Full fee-paying students, faculty, staff and part-time students are eligible to participate in the Sport Clubs Program. Only active student members are eligible to serve as appointed or elected officers for a registered Sport Club.

### Sport Clubs Officer Meetings

At least one officer from each sport club must attend monthly meetings with the Club Sports Coordinator or Graduate Assistant. The role of the meetings is to disseminate information from the Club Sports Coordinator and the Recreational Sports Office to the sport clubs, to share ideas among members to assist in sport club growth and development. Attendance at meetings is a part of the incentive program and will be utilized to evaluate clubs for future allocations.

### Sport Clubs

Clubs are ultimately responsible for making certain that each club participant of their respective club meets the minimum eligibility requirements and participant responsibilities. In addition, the entire club is responsible for making certain that all club responsibilities, policies and procedures in this manual are met and/or followed by the club as a whole and each club participant. Clubs are responsible for maintaining registration as a student organization at UL Lafayette with the Student Organization office in Martin Hall.

### Sport Club Constitution

Each club must maintain and review annually, the constitution under which the sport club will operate. The most recent constitution submitted is located in the Recreational Sports office. The development of a club's constitution can help the organization formulate specific guidelines that determine the directions and structure of the group. The organization's constitution is a working tool. Simplicity and flexibility are the keys to a good constitution. When writing a constitution, keep in mind immediate needs as well as future goals of your organization.

### Club Participants

Each club participant must always be responsible for his/her own well-being and the well-being of the group he/she is a part. Each club participant shares with the other club participants the responsibility of safety and agrees to follow safe procedures and to avoid unnecessary and hazardous situations. Each club participant accepts responsibility for the outcome of situations resulting when his/her actions are beyond the generally accepted practices for safety in the activity.

## List of activities (inner page)

### Sports Club Activities

Sports Club Activities in Schools, College, and University play such a vital role that can change a student's life incredibly for forever. Today students' involvement in Sports on Campus is something like that seems inevitable for highly potential benefits. For example- the benefits of physical fitness can ensure mental wellbeing that protects you from some life-threatening diseases like diabetes, heart disease, etc. Moreover, sports activities build skills in students for career. Before visiting the benefits of Sports Club activities let me set out what is Sports?

**What is Sports?**

Sports, in general, refers to activities which are based in physical athleticism or physical skills in performing specific tasks with the largest major competitions like the Olympic Games.

Sports, in fact, include virtually all types of competitive physical activities and games through casual or organized participation that utilize, maintain, or enhance physical abilities and skills while enjoying the participants and in some cases entertaining the audience.

## Major International Sports Events

Here is a list of our favorite international sports events:

**1. FIFA World Cup:** The most prestigious international competition of the world's most popular sport, the soccer World Cup is by far the biggest international sports event. Held every four years, no competition stirs national pride around the world the way the World Cup does. The only knock on the World Cup is the puny size of the coveted World Cup trophy, which stands at a little over a foot tall. The next World Cup will be held in Qatar in 2022.

**2. Summer Olympics:** The origins of the Summer Olympic Games date back to the Ancient Olympic Games in 776 B.C. The modern Olympics, which began again in Athens in 1896, have grown into a full-blown international spectacle. Next year's historic Olympics will take place in Tokyo.

**3. Cricket World Cup:** Cricket is the world's second most popular sport—by one estimate, 3 billion people around the world watch or play cricket (just not in the United States). The Cricket World Cup is the premier international cricket competition, contested every four years. The next Cricket World Cup will be held in India in 2021.

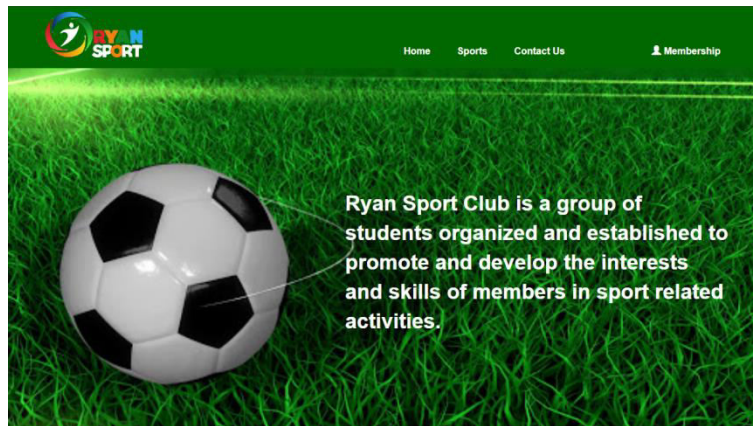

**4. Rugby World Cup:** One of the largest sporting competitions in the world, the Rugby World Cup, pits the top national rugby union teams against one another every four years. France will play host to the next Rugby World Cup in 2023.

**5. Wimbledon:** The grand dame of Grand Slams, Wimbledon is the oldest tennis championship in the world. Known for its elegant traditions and strict etiquette, Wimbledon also is where legends are born. Champions such as Rod Laver, Björn Borg, Boris Becker, Pete Sampras and Roger Federer all ruled Wimbledon's grass courts.

**6. Volvo Ocean Race:** We chose this quadrennial global yacht race for two reasons—one, it goes around the world, and two, an EF-sponsored yacht, EF Language, won the race in 1998, when it was known as the Whitbread Round the World Race. The 2022-2023 race starts in Alicante, Spain.

## Sports Club Activities
